## How to get the Bus to Nerja from Malaga

The bus transfer from Malaga airport to Nerja is comfortable as they use air conditioned coaches and it is very cheap!

At the airport outside the arrivals hall walk across the plaza to the bus stop. Take the A line to Malaga city, this will take you into Malaga central bus station. Enter the bright green building toward the right hand end and look for the "Alsa" cubicles, numbers 4-6, from which the tickets for the Nerja bus are sold. The ticket officer will tell you which platform to go to and the time of the next bus will be printed on your ticket. Direct buses take an hour, stopping only at Velez Malaga and Torrox on the way. Stoppers take almost 1.5 hours.

Nerja bus station is not obvious; it is merely a pull in on the main road large enough for about 3 buses on either side of the road. The most noticeable thing is that this is where almost everyone will get off! Look for Café Bar 7 to the right of the bus and you are in the right place.
